Maryland Film Production Activity Tax Credit

Overview

During the 2011 Maryland General Assembly, Chapter 516 Maryland Film Production Employment Act of 2011 (Act) was signed into law. The Act repealed the existing Film Production Rebate Program and replaced it with a tax credit for qualified direct costs of qualified film production activities including feature films and television series. Under the Act, the Department of Business and Economic Development (DBED) could award a maximum of \$7.5 million in credits, in each fiscal year, beginning in FY 2012 through FY2014. Qualifying production activities were eligible for a tax credit of up to 25% of the qualified direct costs for a feature film and 27% for a television series. If the amount of the tax credit exceeded the total tax liability in the tax year, the entity could claim a refund in the amount of the excess. The Act became effective on July 1, 2011 with a sunset date of June 30, 2014.

Under the Act, a total of \$22.5M (\$7.5 per FY) in tax credits was available for FYs 2012 through 2014. All of these tax credits were committed to six productions by January 2012 to: *House of Cards - Season 1*; *VEEP - Seasons 1 & 2*; *Jamesy Boy*; *Better Living through Chemistry*; and, *Ping Pong Summer*.

In order to retain the filming of the two television series *House of Cards* and *VEEP* in Maryland, the 2013 Maryland General Assembly passed Chapter 28 Maryland Film Production Activity Tax Credit to increase the Film Tax Credit by \$32.5M over three years and extend the sunset through FY2016. All of the tax credits were committed by the end of the first day DBED began accepting applications (April 17, 2013).

Specifics

Tax General Article § 10-730 requires DBED to report on specific data before January 1 of each year:

- (1) the number of film production entities submitting applications;
- (2) the number and amount of tax credit certificates issued;
- (3) the number of local technicians, actors, and extras hired for film production activity during the reporting period;
- (4) a list of companies doing business in the State, including hotels, that directly provided goods or services for film production activity during the reporting period; and
- (5) any other information that indicates the economic benefits to the State resulting from film production activity during the reporting period.

Three applications for tax credits were received in 2013 – from MRC for *House of Cards - Season 2*, from HBO for *VEEP - Season 3* and from HBO for a film, *The Immortal Life of Henrietta Lacks*. In addition, both MRC and HBO submitted letters of intent to DBED to film subsequent seasons in order to reserve tax credits for an additional season. Based on the timing of the applications and letters of intent, the funds allocated with the enhancement were committed to *House of Cards - Season 2*, *VEEP - Seasons 3 & 4* and the HBO film, *The Immortal Life of Henrietta Lacks*. However, in August 2013, HBO informed DBED that the production on this film had been delayed and DBED withdrew its commitment of \$4M in tax credits. Once the funds were released, DBED encumbered those credits toward *House of Cards - Season 3*.

Attached is a summary (*Appendix A Maryland Film Production Activity Tax Credit Recipients FY 2013 – FY 2014*) outlining those tax credits that closed in CY2013, as well as the tax credits that are currently encumbered through FY2016. All productions have been qualified and approved to receive a tax credit and have either been issued a final tax credit certificate, a preliminary tax credit certificate or a letter of intent indicating the maximum amount of tax credits for which the company is eligible and the fiscal year from which those credits will be drawn. In addition, the chart includes the projected spend, the estimated hires and the estimated number of local businesses impacted for each company. This information is taken directly from the applications for tax credit submitted by the production companies or projected from prior seasons of the production. The final tax credit amount will be determined based on the company's actual qualified direct spend after the conclusion of the film production activity in the State and the State's review of all their closing documentation, including a *Report on Agreed Upon Procedures* by an independent CPA.

Four production companies were issued Final Tax Credit Certificates during CY2013:

- 1) *Better Living through Chemistry* completed 25 days of filming on June 9, 2012, closed the production office on June 28, 2012 and submitted their final application for tax credit along with all of their closing documentation (including a *Report on Agreed Upon Procedures* by an independent CPA) on December 21, 2012. The materials were reviewed by Maryland Film Office (MFO) staff and a revised application for final certification was required in March 2013 to process the credit. The final tax credit certificate was issued on March 8, 2013. *Better Living thru Chemistry* received a tax credit of \$691,189 and had an economic impact of over \$6 million. The production hired 82 local technicians and 114 local actors/extras. In addition the production company provided business for 571 local Maryland businesses, vendors and contractors. Attached is a copy of the vendor list for *Better Living through Chemistry*. (*Appendix B - Better Living Through Chemistry (BLTC) Vendor List*).

Attached is a copy of the vendor list for *House of Cards - Season 1*. (*Appendix E – House of Cards - Season 1 Vendor List*).

As of December 2013, two productions *VEEP - Season 2* and *House of Cards – Season 2* have both completed filming in the state. The Film Office expects to receive the final application for certification and all closing documentation for *VEEP - Season 2* this month. Final application for certification and closing documentation for *House of Cards – Season 2* is not expected to be submitted for several months. [Production companies have 180 days after the conclusion of the film activity in the State (i.e., closing the local production office) to submit ALL final documentation.] *VEEP - Season 3* is currently filming in the State and is expected to finish production in spring of 2014.
